

REVISED 3-2-26

A LOCAL LAW enacting amendments to the Town/Village Code in order to promote public safety, peace, and good order

Be it enacted by the Town/Village Board of the Town/Village of xxxxxxxxxxxx as follows:

Section 1. Legislative Findings.

The Town/Village of xxxxxxxxx hereby acknowledges the authority of the federal government to enact and enforce federal immigration laws pursuant to its constitutionally granted authority. The Town/Village further recognizes that state and local governments are bound by the supremacy clause of the U.S. Constitution and are pre-empted from enacting state and local laws that infringe on the federal powers regarding immigration. However, under our federal system, that power is not unlimited.

The Town/Village of xxxxxxxxx further recognizes that under the Tenth Amendment to the U.S. Constitution, those powers not given to the federal government, nor forbidden to the states, belong to the states, local governments, and the people. Among those powers reserved to the states and to local governments is the police power. The police power is a critical power reserved by the states in order to protect public safety, peace, and good order. The police power of local governments in New York State is enumerated in the State Constitution and the Municipal Home Rule Law.

The Town/Village of xxxxxxxxxxxx has been blessed with a professional police department that has done an outstanding job in protecting the safety, peace, and good order of its residents. Because of their efforts, the Town/Village of xxxxxxxxx is one of the safest communities in the nation. The public is highly supportive of these efforts and the Town/Village of xxxxxxxxxxxx enjoys excellent police-community relations.

The Town/Village Board of the Town/Village of xxxxxxxxxxxx recognizes that across the nation, the federal government through the activities of United States Immigration and Customs Enforcement (ICE), Department of Homeland Security (DHS), Customs and Border Patrol (CBP), including the Department of Justice (DOJ), has launched unprecedented immigration enforcement operations. Such efforts have been reported and confirmed as occurring across eastern Long island. Because of the lack of transparency and accountability, these operations in some parts of the country have resulted in rampant fear, disruptions to public safety, violence, injury, and even death undermining the local police power.

The Town/Village of xxxxxxxxxxxx, under its constitutionally recognized police power, bears the primary responsibility to ensure the safety and well-being of its residents. Under the State Constitution and the State Municipal Home Rule Law, the Town/Village possesses broad authority to enact policies that promote public safety, peace and good order. The Town/Village also possesses broad authority to establish policies for the administration of its police department that promote these goals. Finally, the Town/Village has the duty and responsibility to protect the constitutional rights of its residents, including but not limited to the right of free speech and to petition its government.

Therefore, the Town/Village Board of the Town/Village of xxxxxxxxxxxx by this local law hereby enacts policies to foster transparency and accountability to the public relating to immigration enforcement operations conducted within the Town/Village. This local law exercises its authority under the police power and enacts policies intended to protect public safety, peace, and good order, where appropriate, without interfering with the legitimate activities of the federal government with regard to its immigration enforcement powers.

Section 2. Federal Authority Recognition and Preemption Avoidance.

A. The Town/Village of xxxxxxxxxxxx acknowledges the authority of the federal government to enforce federal immigration laws within the United States, including within the town's/village's jurisdiction.

B. Nothing in this local law shall be construed to prohibit, restrict, or interfere with the proper exercise of federal immigration enforcement authority in accordance with federal law.
